FAREWELL TO
GRAINGER
OLD TIMERS

A gathering of friends and neighbors of the Grainger, Acme and Swallow districts was held at the Smcoe school on Saturday evening, to say farewell to Mr. and Mrs. Chas Wyndham and family who are moving to Vancouver. A farewell address and presentation of a purse was made by Dr. Elliot and a reply was made by Mrs. Wyndham. The Wyndhams are about the oldest settlers in this part of the country and their departure is regretted by all. Best wishes go with them to their new home.

LIQUID GOLD MINE

During the past fiscal year the Alberta government sold \$27,351,964 worth of beer and hard liquor. On this business a net profit of \$8,000,000 was realized.

But the provincial government was not the only one to grab big profits in the liquor business. The federal government cleaned up \$3,171,788 in duty and sales tax on the liquor sold.

Intermittent protests have been made against the substantial earnings wrested by governments from the liquor traffic. Nevertheless, the fact still remains that liquor is not a necessity, such as is milk, for instance.

While a slug of Scotch or rye certainly peps up the old morale, we could really manage to struggle through the dreary day without it. There would, of course, be less conviviality in the land.

If the provincial and federal governments were bereft of the substantial revenues they obtain from the sale of liquor, such money would have to be obtained from other sources or else the governments' services would have to be cut down, educational and other grants reduced and the expenditure on various government projects curtailed.

The government of Alberta is using the liquor profits for the good of the people. Whatever is said about exorbitant profits that statement cannot be denied. And the liquor drinker can hang a ribbon on his coat with the knowledge that he is contributing substantially to a series of good causes.

A REAL OLD BIRD

When Chas. Wyndham and family leave for Vancouver this week they will be taking another old timer with them in the form of a wild gander who has been with their poultry for more than twenty years. This gander has mated with a tame goose and has sired quite a few flocks of goslings that nearly all resembled him. He is getting stiff and showing his age but he still upholds the tradition of his kind and woe to anybody or anything that interferes with his domestic affairs during nesting and hatching time.

HERE'S HOW TO
SELECT A TREE

"How can we select a Xmas tree that holds its needles?" is a question fathers and mothers asks year after year. The answer depends on the type of tree you buy and the care you give it once you set it up.

All trees tend to drop their leaves after they are cut and stored in a dry room. But some kids naturally hold their needles longer than others. Trees used most commonly on Xmas are the spruces, fir, hemlock, pine and red cedar.

Spruce are the first to shed their needles. A spruce can be identified by grasping a branch tightly. Its sharp needles will prick your hand.

The ideal Christmas tree is the fir. It resembles the spruce except that its needles are not sharp. The needles stay on the tree for a long time, and become a golden brown before they finally drop off. Needles of the Douglas fir are flat and soft to the touch. This popular tree can be easily identified by examining the cones which have small appendages on each side.

Pines have never been very popular as Christmas trees, in spite of the fact that they do not shed their needles easily. This is most likely due to their unsymmetrical appearance which does not closely resemble the traditional Christmas tree.

No matter what kind of Xmas tree you select it will hold its needles longer if it is standing in water. Place a little water in the base of your tree stand and you will be bothered less with falling needles than you were last year.

WEDDING

Hawkins - Parker

St. Mary's Cathedral, Calgary was the scene of a pretty wedding recently when Rev. Fr. Louis Malo united in marriage with a double ring ceremony, Shirley Anne, daughter of Mr. and Mrs. S. W. Parker and Francis Cleeman, son of Mr. and Mrs. Everett Hawkins.

The bride, who was given in marriage by her father, wore a floor length frock of white sheer with floor length veil and carried a bouquet of red roses. She was attended by Miss Patricia McEwan dressed in a floor length azure blue trimmed with silver and carried pink carnations.

The groom was attended by Bertram Charlebois, brother in law of the bride.

Following the service a reception was held at the Empress Grill. The bride's table was centred by a three-tier wedding cake.

Mr. and Mrs. Hawkins left later for a honeymoon trip. To travel the bride changed to an old rose dressmaker suit with black accessories.

Mr. and Mrs. Hawkins will reside in Calgary.

If you don't want to fight again fight to carry out the principles you fought for.

ANNUAL MEETING
CARBON OLD
TIMERS' ASSOC.

The Carbon Old Timers' Association will hold their annual general meeting at W. A. Braisher's store Saturday afternoon, Dec. 14th, at 3 p.m.

The financial statement will be read and officers elected for the ensuing year. The date for the postponed banquet and old time dance will also be discussed. All old timers are asked to attend.

The present officers are C. L. Mancell, president; F. J. Beasant, vice-president; W. A. Braisher, secretary-treasurer.

OUR HALF ACRE

By H. J. Umbrite

Noxious Weeds Act
Amendment

At the last session of the provincial legislature the Noxious Weeds Act was amended by the addition of Section 24a. This section deals with seed cleaners, and prohibits persons other than farmers processing their own seed grain from operating seed cleaners without first obtaining a permit from the Field Crops Commissioner.

This new section applies to cleaners in elevators as well as commercial cleaners.

The Field Crops Commissioner is authorized to cancel or suspend any permit where grain is not being properly cleaned or weed seeds are being improperly dealt with.

The control, sale or removal of screenings is subject to the provisions of Section 25 of the Noxious Weeds Act and require that a sale or removal of screenings record be filed with the Field Crops Branch.

Application forms for a permit to operate a seed cleaner are available at the municipal office Three Hills. These application forms have to be filled in and forwarded to the Field Crops Commissioner before a permit to operate a cleaner can be issued.

Farmers are reminded that the first and most important step in weed control is the sowing of clean seed. Most of our present weed infestations were started because of the sowing of impure seed.

Operators of cleaners who are operating in areas where wild mustard, tartar buckwheat etc., are present are advised that special precautions should be taken to prevent the spread of these weeds.

OFF THE RECORD

There is a lot of talk in Canada that the family allowances or "baby bonus" have quietly but effectively helped in increasing the birth rate in this country, though we are inclined to believe that the scheme has been a howling success.

Nations which have long known the value of coal may now begin to learn the value of miners.

QUICK METHOD TO CLEAN OVEN

Here is a suggestion from the home economics service for cleaning those dark greasy stains that accumulate on the interior surface of ovens in kitchen ranges. Ordinary washing or wiping will not remove them because the grease has "baked on." Scouring, unless done with great care, may damage the enamel finish.

Fumes of ammonia help soften this substance and make it easier to wash or wipe off. Place a shallow bowl of household ammonia or wad of cotton moistened with ammonia, in the oven for several hours or overnight. A badly soiled oven may need this treatment for several successive nights.

To avoid further staining leave the oven door open after use until the oven is cool. This will "air out" many of the volatile oils and odors from baking which would settle on the oven surfaces. It also prevents rusting of metal surfaces by the steam from the food. Wipe up, at once, food that spills over in the oven, don't allow it to burn on.

People don't enrich life when they just look for a rich living.

CARBON

Mr. and Mrs. Rudy Martin were Calgary visitors Monday.

The children of Mr. and Mrs. Norman Nash were christened Barbara Pauline and Guss Charles at a ceremony at Christ Church on Sunday, Dec. 1, Rev. T. B. Winter officiating. Mr. and Mrs. E. Carlson, Drumheller, were Godparents.

Curling is expected to be in full swing this week-end.

Harold Greenlee informs us he has a nice stock of Christmas trees for sale.

M. Switzer was a Calgary visitor on Tuesday.

Copy for Christmas greeting advertisements should be ready by Monday of next week.

From all reports there will be no Christmas concert in Carbon this year.

Mrs. C. Trumbley was a week-end visitor to Calgary.

CLASSIFIED ADS

FOR SALE—Ladies' tube skates with white boots, size 7. Also child's five year crib with mattress. Apply to Mrs. S. J. Garrett, Carbon.

FOR SALE—Granary. Would make good shack. Chronicle. WANT that saw sharpened and set. Bring it to the Chronicle Office.

LOST—truck chain near the railway bridge on south road. Believed picked up by a panel truck. Information will be appreciated by Bert Charlebois Carbon.

U.G.G. TO PAY TWO AND HALF MILLION DOLLARS

Farmers to get Accumulated Dividends

United Grain Growers Limited will pay out two and a half million dollars in patronage dividends. Authority has now been received from the minister of finance to pay out this sum, which has been accumulating in a reserve fund since 1941. This information was received from Mr. R. S. Law, president of the company, Winnipeg, by Calgary officials.

This brings to an end for the time being a dispute which the company has had with the income tax officials with respect to the treatment of co-operative organized on the Rochdale plan and which paid a nominal rate of interest on share capital. Although the right to pay patronage dividends was given this company as early as 1915, the income tax department, on the advice of the department of justice, ruled that sums paid as patronage dividends were not exempt. The company paid out \$200,000 in this way on the 1940 crop, but the department assessed the full amount. The company appealed and pending the decision in the appeal set aside in special reserve various amounts in succeeding years. The government has now allowed the whole amount. All customers who sold grain through a UGG elevator between August 1, 1941 and July 31, 1946, will now receive cash dividends based on their sales each year in that period.

BEISEKER

It is interesting to note that this company will have paid out to western farmers, including these payments, the huge sum of \$8,000,000 in patronage and share dividends. During its long history it has also paid out large sums as grants to western farm organizations and as assistance to other co-operatives.

Jack Selzler spent the week-end in Edmonton visiting his son Leo.

Daughters were born to Mr. and Mrs. Dan Haase and Mr. and Mrs. Carl L. Schmaltz on Sunday.

Bill Velker is now driving a new car.

Mrs. Jerry Verhaest is planning a trip to Vancouver next week.

Mr. and Mrs. Frank Selzler are holidaying in British Columbia.

Some of the local men who gathered at a dealers and also an AMA convention in Calgary last week were: Louis Schmaltz D. Olsen, Leo Schmaltz, Adam Velker, Dan Gramma, Peter Ternes, Art Biebrick and Fred Meidinger.

Mrs. J. Goetz is now living in Beiseker attending Mrs. K. Ternes.

OFF THE RECORD

Canadians are reported to be smoking more cigars and cigarettes now on account of greater prosperity in this country. Apparently, many Canadians have now money to burn!

Sceptic: "I could have made a better world than this."
Sage: "That's why God put you here go to it."

Heated opinions are a poor substitute for hearts on fire.

JUDGES PREPARE TO MAKE AWARDS

With end of this week judges will prepare to make awards of \$18,750 cash prizes to farmers who are competitors in the Western section of the 1946 National Barley Contest.

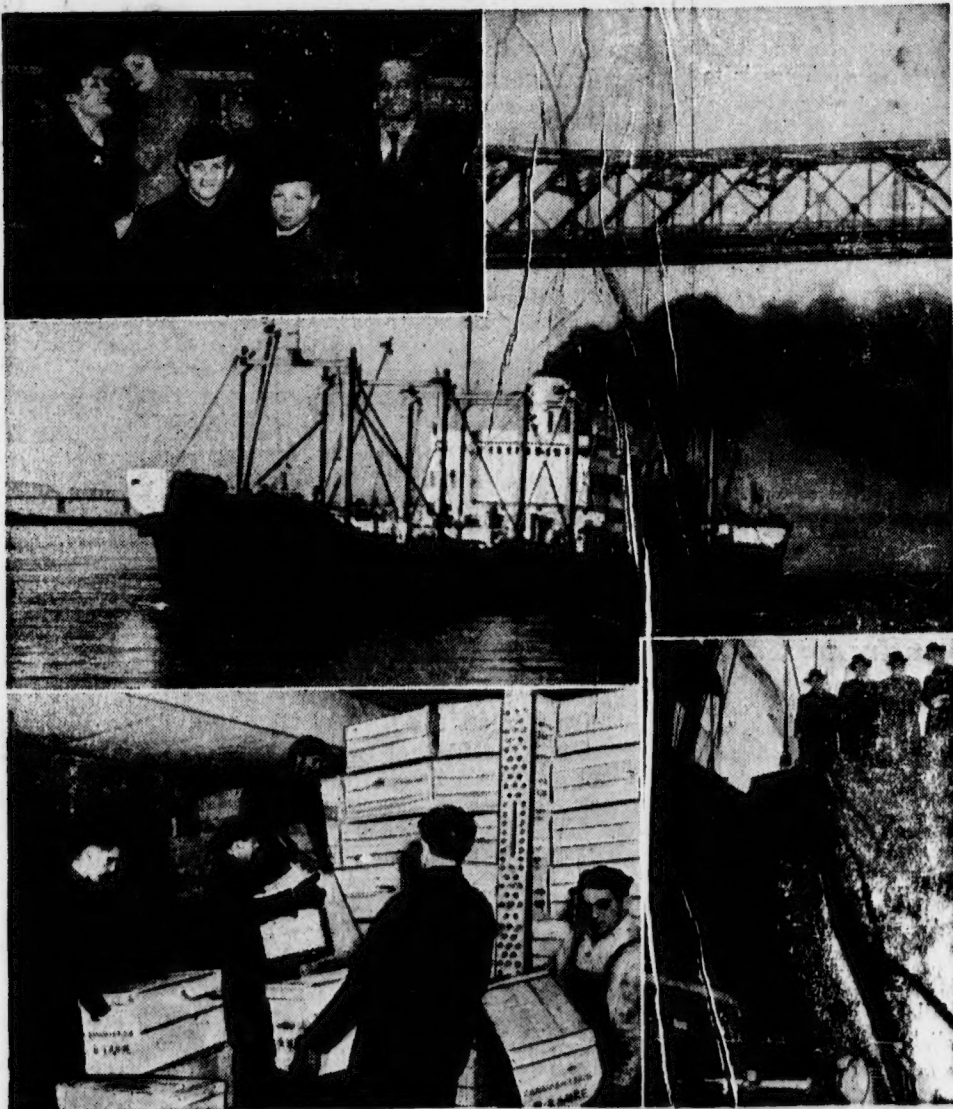

The panel of judges has already been announced. The judging will be on basis of sample cleaned by the inspection branch of the Board of Grain Commissioners to remove the dockage.

The sample will first be graded by the inspection branch. Only samples grading No. 2 or higher will be eligible for judging unless for special reasons lower grade may be designated.

None of the regional provincial prizes in the Western section will be announced until after the New Year. In Alberta these awards will be in January.

The Brandon Fair will be the climax of the contest with the announcement of winners of the big prizes in the inter-provincial contest.

A house depends on the depth of your pocket but a home depends on the depth of your heart.

BUSY BEAVERS: Back on the seas again, the growing Canadian Pacific Beaver fleet of fast cargo ships carried some 200,000 tons of foodstuffs and other Canadian products to Britain during the Montreal shipping season. Above, the heavily laden Beaverlaken passes under Jacques Cartier Bridge bound for London. Inset at top shows the family of George Nicholls, formerly of London Eng., arriving on the Beaverburn to settle in Canada at Niagara Falls. Bottom left shows part of a large shipment of eggs being loaded on the Beaverlake. Picture at bottom right shows some small English cars arriving in Canada on the Beaverlake when she reached Montreal on her maiden trip.

CARNIVAL
FRIDAY, DEC. 13

COMMUNITY CLUB MEETING

A meeting of the Carbon Community Club was held in the village office December 2.

It was reported that the new building purchased for an addition to the waiting room at the skating rink had been moved into position.

Fees for the season's skating were set as follows:

Family ticket, \$5.00, rural, \$4.00; adults, \$3.00, rural, \$2.50; public school children, \$1.00; children under school age, free. Tickets must be purchased by December 15th. Hours for skating and hockey will be posted in the rink.

It was decided to hold a carnival Friday, Dec. 3th. 1

A discussion took place on holding an agricultural meeting in the near future with municipal speakers in attendance. Full particulars will be published at a later date.

WORLD OF WHEAT

By H. G. L. Strange

Proposed Reduced
Wheat Acreage

The Hon. Jas. G. Gardiner is asking for a reduction in wheat acreage of 10 percent for the coming year. He suggests in stead of wheat a larger livestock and coarse grain production.

Food authorities inform us the need for food in Europe is bad indeed, to say nothing of the need in Asia where the shortage is even more acute. An acre put into wheat will feed four times as many people as will the same acre sown to coarse grains and where the coarse grains are fed to livestock.

Russia a short time ago hurled some extremely sharp criticisms at the United States and Canada because these countries last year fed so much grain to livestock instead of making the grain itself available to the hungry people of the world.

A despatch from Vienna tells us that unless considerable assistance is given to Austria that country will be unable to avoid real famine in 1947.

Considering the urgent need for more world food, can Canada justify a reduction in wheat acreage, which certainly must result in smaller supplies of total food being available for a hungry world? This is the point to which it seems the Dominion Provincial Conference now sitting will have to give most serious thought.

MESSAGE OF APPRECIATION

The department of labor today made public a telegram received from Winnipeg from the president of the Canadian Branch of the Polish Veterans' Association, expressing the appreciation of his fellow countrymen who recently arrived in the Dominion to assist Canadian farmers. The telegram is as follows: "On behalf of all the Polish veterans I would like you to accept our thanks for the efficient manner with which we were treated upon our arrival in Canada. We appreciate what you have done for us and assure you that we will endeavor to abide by the Canadian laws and become loyal Canadians."

Industry will either be the cradle or the grave of postwar democracy.

PATRONAGE DIVIDENDS
to
PIONEER CUSTOMERS

NOTICE TO CUSTOMERS OF THE PIONEER GRAIN COMPANY LIMITED RE PATRONAGE DIVIDENDS FOR THE THREE CROP YEARS 1942-43, 1943-44 AND 1944-45.

Some time ago we distributed patronage dividends to customers for the season 1945-46.

We now wish to advise that dividend cheques for the season 1942-43 are now being issued. If, therefore, you made deliveries to us within that season, get in touch with our agent for further particulars.

It is our intention to distribute patronage dividends for the seasons 1943-44 and 1944-45 in due course. We request customers for those seasons to keep in touch with our agents.
